## SERTIFIKAT AKREDITASI

Badan Akreditasi Nasional Perguruan Tinggi  
berdasarkan Keputusan BAN-PT No. 61/SK/BAN-PT/AK-ISK/PT/II/2022, menyatakan bahwa  
**Universitas Brawijaya, Kota Malang**  
memenuhi syarat peringkat

**Akreditasi Unggul**

Sertifikat akreditasi perguruan tinggi ini berlaku  
sejak tanggal 8 - Februari - 2022 sampai dengan 4 - Desember - 2023

Jakarta, 8 - Februari - 2022

Prof. Ari Purbayanto, Ph.D.  
Direktur Dewan Eksekutif

## ***Welcome to UB***

*It is a great pleasure for me to introduce you to one of Indonesia's leading universities – Universitas Brawijaya (UB).*

*Universitas Brawijaya (UB) is located in Malang City, East Java, Indonesia. A comfortable place to study and live, surrounded by beautiful mountainous terrain and hospitable locals.*

*UB has been and is always committed to implement its' vision to become an outstanding world-class university and to play an active role in the nation's building processes by means of providing education, supporting research, and conducting community services.*

*Supported by qualified academic and administrative staffs, as well as multiple supporting facilities, UB will be continuing its' active role, and advances both national education and national development. These goals are also reflected in our university's motto:*

***“Building Up Noble Future”***

**Yours sincerely,**

*Signed*

**Prof. Widodo, S.Si., M.Si., Ph.D. Med.Sc  
Rector**

## A Snapshot of Malang

Malang is a city located within a mountainous terrain region on East Java Province, Indonesia. Malang is also the second largest city in the province.

Located in the coordinates of  $7,96^{\circ}$  South Latitude and  $112,61^{\circ}$  East Longitude, Malang are comfortably nestled at the hills of Mt. Kawi, endowed with beautiful mountainous sceneries, and overlaid with mild climate. The city's temperature ranges from  $18^{\circ}\text{C}$  to  $28^{\circ}\text{C}$ , which varies between rainy and dry seasons. Malang and its surrounding regions are popularly known as one of the best tourist destinations around the region.

Malang has excellent transport infrastructures, such as train stations, intercity bus, and flights to other

cities. Public transports are always available to take passengers any place any time within the city.

Many shopping and culinary centers can be found around the city, which are usually open from 9:00 am to 9:00 pm. Some restaurants even serve up to 11:00 pm.

The growth of tourism and other businesses in Malang are harmoniously aligned with local norms and culture, resulting in friendly interactions with the visitors. This jovial attitude of the locals combined with the cool climate, a safe and peaceful life, the availability of adequate infrastructure, and a relatively low cost of living encourage parents of prospective students from all over Indonesia and various countries to live and study in Malang.

## Universitas Brawijaya

### The Campus and Facilities

UB main campus is located on Jalan Veteran of Malang, which covers approximately forty-eight hectares of land in the western part of the city.

The campus features buildings and gates with forms and architectures inspired by old Javanese kingdom styles. These forms and architectures present a green, clean, and beautiful campus.

A series of well-maintained buildings, lining up on the campus, is used for educational, research and administrative activities in fifteen faculties.

Available Health facilities are:

- UB Polyclinic,
- UB Hospital,
- UB Dental
- Oral Hospital,
- UB Veterinary Educational Hospital.

UB also provides sporting facilities, such as:

- indoor basketball court,
- indoor badminton court,
- indoor volley court,

UB also has some sport centers such as:

- indoor badminton court,
- Indoor Tennis court
- Indoor Futsal court

- Fitness Center
- Aerobic Center
- Yoga Center
- Zumba Center
- football field
- Outdoor Volleyball Court

In the center of the campus, there is an eight-floor building that serves as the university's main office. UB also provides facilities to support daily needs such as banks, ATM, cafeteria, post office, UB hotel, and dormitories. Internet connection is available anywhere within the campus area, by means of Wi-Fi access for students and staffs. There are some buildings intended for student activity units managed by the student associations to accommodate the student's interests in sports, arts, and cultures. For information on job and prospective career, the graduates and students can visit Career Development and Entrepreneurship Unit (UPKK).

All the facilities mentioned above are available on campus and can be reached by walking; therefore, ensuring a great atmosphere to work, live and study.

## Education

### A Brighter Future For The Graduates – Our Commitment

Up to January 2022, UB has a total of 174 licensed Study Programmes which composed from 5 Diploma Study Programmes, 77 Undergraduate Study Programmes, 69 Master's Study Programmes (including Specialist and Profession Programmes), and 23 Doctoral Study Programmes.

During the period 2014 to 2020, UB graduates output increase steadily. This steady increase, combined with an increase in the graduates' GPA level, enables UB to produce the best quality workforce for our country. To achieve ASEAN level competitiveness, to prepare for the ASEAN Economic Community (AEC), and to achieve our internal strategic goals and milestones, UB keep on striving to produce graduates who are independent, disciplined, competitive, and able to compete globally in the world.

UB has also taken steps to provide standardized certification skills and entrepreneurship skills for UB students and graduates, such as:

1. Information Technology Competency Certification. As one of the best state universities in Indonesia, UB is determined to set IT competence as

one of the graduation standards. Since August 2015, UB Rector requires standard Microsoft Office (Word, Excel, and Power Point) competency for all students of UB.

2. UB students must have TOEFL ITP (Test of English as a Foreign Language Institutional Testing Program) certification as proof of English language proficiency. TOEFL ITP is a paper-based test which evaluates the English proficiency of an individual.
3. UB supports the students and alumni with Career Development and Entrepreneurship Unit (UPKK), which aims to be the center for work information, work training, and personal development for them to prepare and enter the working world, or to be a liaison between the university with government institutions, business, and industry.

UB continues to strive to have graduates with entrepreneurial skills, one of which through the organization of the Student Entrepreneurial Program (PMW). The results of this development program are that students are initiated to develop the market. UB also continues to facilitate and develop entrepreneurship programs involving student.

## Student Activities

In addition to the academic program, non-academic programs related to science, art, culture, sports, and business are also available for UB students. These programs equip the students with skills and knowledge in accordance with their wishes. Each program is overseen by competent educational personnel, while their daily programs of activities are implemented on their own.

To learn more on democratic system, students are given the opportunity to join a student organization which essentially deals with the Executive and the Legislative Affairs. Members of the legislature are elected by all UB students and the same principle applies to the President of the Student Executive Body. The Executive Body has its' own mandate to operate their strategic plans set out by the legislature and synchronize the students' needs with the University policy.

In addition, UB also has 44 student activity units, divided into 5 categories and interests, namely: reasoning, sports, the arts, student welfare, and special interests.

Students with same interest on specific topic can be formed in a group on a voluntary basis and will be overseen by educational personnel.

The group can later participate in various competitions on campus, and the winner may represent the university in both national as well as in international competitions.

Two international student organizations, namely the International Association of Agriculture students (IAAS) and the International Association of students of Economics (AIESEC) have actively maintained their international relations and conducted international conferences, student exchanges, cultural and exhibition week.

The result of the student activities is the large number of successful accomplishments achieved, such as the 2017 champion at the National Student Scientific Public Week (PIMNAS) XXX. This is the sixth time UB becomes the champion of PIMNAS, after the year 2008, 2009, 2012, 2015, 2016 and 2017.

In addition, UB students also excel incredibly in international entrepreneurship competition, by achieving hat-trick as Winner in SOI Asia Business and Gestation Plan Contest in 2012/2013, 2013/2014 and 2014/2015, beating several other teams from other universities in Asia.

## Faculty Of Law

The Faculty of Law, initially named the College of Law and Society Knowledge, was established on July 1st, 1957.

Currently the Faculty of Law has 5 Study Programmes such as:

### 1. Bachelor of Law

The Law Study Programme, Universitas Brawijaya, Malang is accredited with the status of Excellent Accreditation from the National Accreditation Board for Higher Education of the Republic of Indonesia (BAN-PT) and receives Unconditional accreditation from AQAS.

### 2. Master of Law

The National Accreditation Board for Higher Education of the Republic of Indonesia (BAN-PT) states that the Master of Law Study Programme, Universitas Brawijaya is accredited with "A" Accreditation.

### 3. Master of Notary

The National Accreditation Board for Higher Education of the Republic of Indonesia (BAN-PT) states that the Notary Master's Study Programme, Universitas Brawijaya, Malang is accredited with an Excellent Accreditation rating.

### 4. Doctor of Law

The National Accreditation Board for Higher Education of the Republic of Indonesia states that the Doctoral Study Programme in Law, Brawijaya University, Malang is accredited with an Excellent Accreditation rating.

### 5. Doctor of Law Jakarta Campus.

The National Accreditation Board for Higher Education of the Republic of Indonesia stated that the Doctoral Study Programme of Legal Studies at PSDKU Jakarta, Brawijaya University, Malang was accredited with an Excellent Accreditation rating.

To perform lecturing activities, the Faculty of Law is supported by 96 qualified lecturers; among those are 6 professors and 76 qualified staff.

Educational qualifications continue to be developed by increasing network collaboration and partnerships with government agencies, and universities both at the national and international levels.

The International Relations Office (IRO) of Faculty of Law is a unit assisting the implementation of international relations

IRO has the following functions:

- Planning of international relations with foreign students and foreign parties;
- Implementation of international relations with foreign students and foreign parties;
- Evaluation of international relations with foreign students and foreign parties; and
- Submission of reports on the implementation of international relations with foreign students and foreign parties to the Dean.

The Faculty of Law is bound in agreements and or cooperation with the following institutions:

- Osaka University, Japan

Besides the facilities, the Faculty of Law's library is one of the leading law libraries among universities in Indonesia, with 10,000 collections including books and journals.

Some of the Student Achievements are to be part of the International level Best Delegate Modern Youth International MUN 4.0, Verb Commendation (3rd Place) Comfort MUN 3.0, Gold Medal Shanghai International Invention & Innovation Expo, 2nd Place Cultural Exploration & Essay Competition "Sustainable Cultural Innovation : ASEAN Youth Cultural Expedition" For the National Level, 1st place in Youth Economic Competition, and 1st place in 37th BKFS Student Essay Competition.

- Korean Muslim Federation
- The Hague Conference on Private International Law (HCCH)
- University of Newcastle, UK
- National University of Malaysia
- University of Leipzig, Germany
- La Trobe University, Australia
- Deakin University, Australia
- University of Hong Kong
- University of Wollongong, Australia
- Leiden University, Netherlands

The facilities in the faculty include tutorial rooms, auditoriums, moot court, video conference rooms, law laboratory, English laboratory, computer laboratory, and Legal Documentation and Information Centre, etc. Recently, the students of the faculty, who are also members of the Ja'far Shadiq Team, won first place and Best Paper in Islamic Law Fair (ILF).

## Faculty of Economics and Business

Faculty of Economics and Business Universitas Brawijaya (FEB UB) is one of Indonesia's most prestigious Faculty of Economics and Business. FEB UB was established on October 3, 1961 and has three departments with 14 Study Programmes.

1. **Accounting Department:** Bachelor's Programme in Accounting, Master's Programme in Accounting, Doctorate Programme in Accounting, Accounting Profession Programme  
<http://accounting.feb.ub.ac.id>
2. **Management Department:** Bachelor's Programme in Management, Bachelor's Programme in Entrepreneurship, Master's Programme in Management, Doctorate Programme in Management, Doctorate Programme in Management (Jakarta Campus) <https://manajemen.feb.ub.ac.id>
3. **Economics Department:** Bachelor's Programme in Economics Development, Bachelor's Programme in Islamic Economics, Bachelor's Programme in Economics, Finance and Banking, Master's Programme in Economics, Doctorate Programme in Economics. <https://ie.feb.ub.ac.id>

FEB UB also organizes international classes for every level of education offered. FEB UB cooperates with foreign university partners in terms of curriculum benchmarking, lecturer/student exchanges, guest lectures, as well as joint research/seminars.

To assist the implementation of its activities, FEB UB employs 162 teaching personnel, 24 of whom are professors, and also 121 supporting staff.

The following are some of FEB UB's achievements:

1. Scimago Institutions Rankings 2022: Top 3 in Indonesia Subject Area Business, Management, and Accounting
2. Scimago Institutions Rankings 2022 Top 10 in Indonesia Subject Area Economics, Econometrics, and Finance.
3. QS World University Rankings by Subject Business and Management, 451-500.
4. In 2021, ranked first in the Faculty of Social and Humanities UB Annual Quality Award (UBAQA).
5. Internationally Accredited by ABEST21, Japan

6. 11 Study Programmes are Excellent Accredited, 1 Study Programmes Accredited “A” and 2 other Study Programmes are still in the process of applying for re-accreditation.

FEB UB consistently continues to develop cooperation with various institutions, both government and private institutions, domestic and international. Several FEB collaborations are:

- Bank Indonesia Institute
- PPM College of Management
- Faculty of Economics and Management IPB
- FEB Univ Bengkulu
- FEB University of Surabaya
- FEB Jember University
- KJA Johan Malonda
- YDSF Malang

- FEB Uncen
- University of Malaya, Malaysia
- University of Malaysia Pahang
- Asian Forum on Business Education (AFBE)

## Faculty of Administrative Science

Established on September 15<sup>th</sup>, 1960, Faculty of Administrative Science (hence called as FAS) has gained various achievements and both national as well as international recognitions, one of which is from Times Higher Education (THE) World University Ranking. Continuous development in learning, research, and community service capacities, followed by scientific publication and partnership with national and overseas institutions have contributed to UB's ranked 601+ in the world in the field of Business and Economics as well as Social Sciences.

With 167 qualified lectures—12 of them are full professors—FAS does not only provide regular classes but also international classes at all levels: *Sarjana's*, Master's and Doctoral degrees. All the lecturers are assigned in three departments which coordinate 11 programs.

### The three departments are:

- Public Administration Department
- Business Administration Department
- Administrative Science Department

### while the 11 programs consist of:

- Business Administration Programme (*Sarjana's* Degree),
- Public Administration Programme (*Sarjana's* Degree),
- Education Administration Programme (*Sarjana's* Degree),
- Taxation Programme (*Sarjana's* Degree),
- Library Science Programme (*Sarjana's* Degree),
- Tourism Programme (*Sarjana's* Degree),
- Business Administration Programme (Master's Degree),
- Public Administration Programme (Master's Degree),
- Higher Education Management Programme (Master's Degree),
- Administrative Science Programme (Doctoral Degree),
- Administrative Science Programme at Jakarta Branch (Doctoral Degree).

All programs in FAS UB have been accredited by National Accreditation Body for Higher Education (BAN-PT) and acknowledged for its high quality of management. Moreover, several Programmes managed to receive accreditation from various international institutions, such as Business Administration Programme (*Sarjana's Degree*) from Asian Association of Schools of Business International (AASBI) and Public Administration Programme (*Sarjana's Degree*) from ASEAN University Network-Quality Assurance (AUN-QA).

The students have many achievements from winning national and international student competitions. Some of them are Gold Medal in ASEAN Innovative Science Environmental and Entrepreneur Fair (AISEEF) 2022, Silver Medal in International Youth Business Competition (IYBC) 2022, as well as becoming winners in several categories in ASEAN Virtual Student Opinion Competition (AVISOC).

FAS UB provides supporting facilities for academic development, such as 14 laboratories, seven research centers, and two technical service units. Every classroom is equipped with Air Conditioners (AC), computer, and camera for Hybrid session. Other facilities such as a mosque, wide parking area, and free wireless internet access (Wi-Fi hotspots) are also available.

## Faculty of Agriculture

Faculty of Agriculture (FA) was established on 10 November 1960 and later becomes a state faculty by PTIP Decree No. 92 dated August 1, 1962, which effectively valid from July 1, 1962, under the auspices of the Universitas Airlangga Surabaya. When UB became a state university on January 5, 1963, the management of the Faculty of Agriculture was returned to UB.

### There are 13 Study Programmes at the Faculty of Agriculture:

1. Agroecotechnology undergraduate degree Study Programme, Agroecotechnology undergraduate degree Study Programme (PSDKU Kediri), Agribusiness undergraduate degree Study Programme, Agribusiness undergraduate degree Study Programme (PSDKU Kediri), Agroforestry.
2. Master's degree Study Programmes: Agricultural Economy, Water and Land Management, Sociology, Agronomy, Agribusiness, Plant Pathology, and Agricultural Entomology.
3. A doctoral Study Programme: Agricultural Sciences doctoral degree study program.

### The Faculty of Agriculture has 4 Departments namely:

1. Department of Agricultural Cultivation (<https://bp.ub.ac.id/>)
2. Department of Plant Pests and Diseases (<https://hpt.ub.ac.id/>)
3. Department of Agricultural Socio-Economic Affairs (<https://sosek.ub.ac.id/>)
4. Department of Soil Science (<https://tanah.ub.ac.id/>)

To perform lecturing activities, Faculty of Agriculture is supported by 179 qualified lecturers, which whom, 40 are professors, and supported by 103 qualified staffs.

FA has 17 laboratories covering Laboratories of Soil Physics, Soil Chemistry,, Pedology and Land Resources Information Systems, Soil Biology, Plant Physiology, Environmental Resources, Plant Breeding, Climatology, Plant Diseases, Plant Pests, Biological Control, Pesticide Toxicology, Agricultural Economics and Development Policy,

Agribusiness Marketing and Financial Management, Agribusiness Production and Operations Management, Rural Sociology and Community Empowerment, and Agribusiness Communication and Extension.

Students of FA have many achievements, one of which is 1st Place in the International Entomology Olympiad organized by the Royal Entomology Society, UK.

Cooperation carried out by the Faculty of Agriculture, Universitas Brawijaya at home and abroad, among others:

- Chulalongkorn University, Thailand
- East Timor Coffee Institute
- PT. Ajinomoto C, Inc Japan
- The Graduate School of Agriculture, Kyoto University, Japan
- University Network for Tropical Agriculture (UNTA)
- Ministry of Maritime Affairs and Fisheries Human Resources Development Agency for Marine and Fisheries

- Ministry of Agriculture Agricultural Human Resources Extension and Development Agency
- Ministry of Agriculture Directorate General of Plantation
- Agency for Agricultural Research and Development Ministry of Agriculture of the Republic of Indonesia

## Faculty of Animal Science Universitas Brawijaya

The Faculty of Animal Science (FAS) was established on October 26, 1961. Currently, the faculty is one of prestigious Animal Science Faculties in Indonesia.

### Faculty of Animal Science Universitas Brawijaya has five Study Programs:

1. Bachelor of Animal Science Study Program. "Unggul"<sup>1</sup> (BANPT) accredited, AUNQA Certified, ASIIN accredited. <https://fapet.ub.ac.id/>
2. Bachelor of Animal Science Study Program (PSDKU Kediri). BAN-PT accredited. <https://psdkufapet.ub.ac.id/>
3. Master Program Animal Science "A" BAN-PT accredited, AUN-QA certified. <https://pascafapet.ub.ac.id/>
4. Doctoral Program Animal Science. "A" BAN-PT accredited. <https://pascafapet.ub.ac.id/>
5. Animal Science Engineer Professional Program.

### Faculty of Animal Science Universitas Brawijaya has 5 Departments:

1. Animal Production Department
2. Animal Feed and Nutrition Department
3. Animal Production Technology Department

4. Socio Economic Department
5. Animal Reproduction and Breeding Department

Faculty of Animal Science Universitas Brawijaya is supported with 90 teaching staffs; 21 of whom are professors, 21 certified Professional Animal Science Engineer, and 18 certified ASEAN Eng. The faculty is also supported by 51 laboratory assistants and administration staffs.

### Faculty of Animal Science Universitas Brawijaya organizes Programs:

1. Regular class,
2. English class,
3. International class,
4. Double degree program, student exchanges, lecturer exchanges,
5. Joint supervision and scientific publication,
6. Research collaboration,
7. Visiting Professor,
8. Overseas Internship program,
9. Merdeka Belajar Kampus Merdeka (MBKM)<sup>2</sup>, collaborative and participative class based on case study and project,
10. Guest lecture by practitioners and industry.

Faculty of Animal Science Universitas Brawijaya collaborates with international

universities from the USA, Netherland, England, Germany, France, Australia, New Zealand, Japan, Malaysia, Thailand, dan Taiwan) as well as national universities (UGM, IPB, UNDIP, UNS, etc.). The faculty also collaborates with government institutions and industries, such as Charoen Pokphand, JAPFA Comfeed, Medion, Widodo Makmur Perkasa (WMP), Karunia Alam Sentosa Abadi (KASA), Nestle, and other multinational companies.

Faculty of Animal Science Universitas Brawijaya is facilitated with 11 laboratories, consists of basic, research, and field laboratories (*Modern Layer Closed House, Broiler Closed House, Livestock Farm, Dairy Farm, Miscellaneous Farm*), Training Center with trainees' dormitory, Auditorium, Studio, *Entrepreneur Teaching Centre (ETC)*, reading room, computer room, and free internet access.

#### **Student achievements:**

Faculty of Animal Science Universitas Brawijaya's Student achievement increased every year. 54 students are successful in national and international competition in 2019, 105 students in 2020, and 136 students in 2021. Up to mid 2020, 36 participated and won in national and international competition.

#### **Research group of Faculty of Animal Science Universitas Brawijaya:**

1. Gamete Cell Bank, <http://www.bankselgamet.com/>
2. Livestock Genomics and Proteomics, <https://genpronak-fapet.ub.ac.id/>
3. *Red Meat Producers*, [https://redmeat\\_prod.ub.ac.id/](https://redmeat_prod.ub.ac.id/)

4. *Tropical Poultry Research and Technology*, <http://poultry.lppm.ub.ac.id/>
5. Livestock functional food, <https://funcfood.ub.ac.id/>
6. Beekeeping and bee products processing technology, <https://perlebahan-fapet.ub.ac.id/>
7. *Precision livestock farming research group*, <https://precisionlf.ub.ac.id/>
8. *Research Artificial Intelligence in Livestock Agribusiness*, <https://ainagribis.ub.ac.id/>
9. Livestock Waste and Composting Technology, <https://kompos.ub.ac.id/>
10. Indigenous and local animal research groups development <https://genefapet.ub.ac.id/>

Faculty of Animal Science Universitas Brawijaya holds 199 patents, 123 copyrights, and commercial products including probiotic, UB *Feed Additive (Layer dan Broiler)*, Yogurt, Caplet CaCX, Bio-Mastik, Honey Processing, Feed Formulation *Software*, salted eggs, seaweed meatballs, and many others.

## Faculty of Engineering

Faculty of Engineering officially established by the Minister of Higher Education and Science Decree No. 167 year 1963 dated October 23, 1963, as part of the UB. The dean was Ir. Suryono, accompanied by Ir. Faith Soetjipto as the secretary.

There are currently 20 Study Programmes available:

### 1. Undergraduate degree Study Programmes:

- Civil Engineering,
- Mechanical Engineering,
- Electrical Engineering,
- Architecture,
- Water Resources Engineering,
- Urban and Regional Planning,
- Industrial Engineering,
- Chemical Engineering.

### 2. Master's degree Study Programmes:

- Civil Engineering,
- Mechanical Engineering,
- Electrical Engineering,

- Water Resources
- Engineering, Architecture for Built Environment,
- Urban and Regional Planning,
- Industrial Engineering.

### 3. Doctoral degree Study Programmes:

- Civil Engineering,
- Mechanical Engineering,
- Water Resource Engineering,
- Electrical Engineering.

### 4. Program for Engineering Profession.

To perform lecturing activities, Faculty of Engineering is supported by 265 qualified lecturers. Among those, 16 are professors and also supported by 126 qualified staffs.

Faculty of Engineering UB has many awards and achievements, such as 1st place on 2021 Energy Saving Car Contest. A prestigious student competition in Indonesia.

Faculty of Engineering UB also came as 2<sup>nd</sup> place at XVI Bridge Competition 2021 – Arch Bridge and achieved the most beautiful and the most suitable on implementation

categories. Furthermore, Faculty of Engineering UB also won the 3<sup>rd</sup> runner-up at XVI Bridge Competition 2021 – Steel-frame Bridge and achieved the most beautiful and the most suitable on implementation categories.

Faculty of Engineering UB in accordance with its vision to become Faculty of Engineering that is innovative, collaborative, and has international competitiveness in implementing the Tri Dharma of higher education for community welfare, also cooperates with international education body for water sector of UNESCO -IHE Institute for Water Education which seated on the city of Delft, the Netherlands.

## Faculty of Medicine

Faculty of Medicine officially established on January 1, 1974, as a Malang's IDI Branch initiative to encourage Malang Medical School in order to change its status to a state school.

The Faculty of Medicine manages the following Study Programmes:

1. **Undergraduate degree** on Medical Doctor, Nursing, Nutrition, Obstetrics, Pharmacy.
2. **Graduate degree** on Biomedicine, Master in Hospital Management, Nursing, Midwifery.
3. **Doctoral degree** in Medical Science.
4. **Specialist Programmes:** Anesthesiology and Reanimation, Surgery, Orthopaedic and Traumatology, Obstetrics-Gynecology, Child Health, Skin and Reproductive Health, Internist, Heart and Vascular Disease, Eye Disease, Lung Disease, Neurology, Nose Throat and Ear Disease, Physical Medicine and

Rehabilitation, Clinical Microbiology, Anatomical Pathology, Clinical Pathology, Radiology, and Urology.

5. **Profession Programmes:** Doctor Profession, Nurse Profession, Nutrition Professional, Apothecary, and Midwife Profession.

University Brawijaya (UB) is in third place nationally for the Times Higher Education World University Rankings (THE WUR) 2022 ranking by Subject: Clinical and Health. Namely a ranking that highlights the leading universities in the fields of medicine, dentistry, and other health fields.

To perform lecturing activities, Faculty of Medicine is supported by 405 qualified lecturers. Among these, 11 are professors, and supported by 236 qualified staffs.

In addition to lecture facilities, Faculty of Medicine UB also provides supporting facilities, such as: 29 laboratories, mobile cataracts inspection vehicle, emergency

and disaster teams, and student organizations activity support facilities.

Cooperation carried out by the Faculty of Medicine at home and abroad, among others:

- Indonesian Navy Marine Health Institute Drs. Med. R. Rijadi S., Phys. (Lakesla Surabaya)
- PT Agaricus Sido Makmur Sentosa Malang (ASIMAS)
- Mental Hospital Dr. Radjiman Wediodiningrat Lawang (RSJ Lawang)
- RSUD Dr. Saiful Anwar
- Kostrad 2nd Infantry Division
- Faculty of Medicine, University of Diponegoro & Dr. RSUP. Kariadi
- Faculty of Medicine, University of North Sumatra
- Women's and Children's Hospital, Australia
- PhD Opportunities, Health and Medical Sciences, Australia
- Hemcheck Sweden
- AstraZeneca offices worldwide, UK
- Charles University (CUNI), Czech Republic
- Sapienza University, Rome

Some of the outstanding achievements that have been achieved by the Medical Faculty are Winner on Indonesian International Invention Festival (I3F) 2020, Winner on International Invention & Innovative Competition (InIIC) Series 2/2020, and Winner on International Science and Invention Fair (ISIF) 2020.

## **Faculty Of Fisheries And Marine Sciences (FFMS)**

Faculty of Fisheries and Marine Sciences' vision is to become an outstanding higher education institution which adheres to international standards, by implementing fisheries and marine entrepreneurial strategy, and being able to play an active role in the development of the nation through the aligning education, research, and community service.

The Faculty of Fisheries and Marine Sciences manages the following Study Programmes:

**1. Undergraduate Programs:** Aquatic Resource Management (Excellent accredited), Fisheries Product Technology (Excellent accredited), Aquaculture (Excellent accredited), Fisheries Agrobusiness (Excellent accredited), Fisheries Resources Utilization (Excellent accredited), Marine Science (Excellent accredited), Aquaculture Study Program (PSDKU Kediri), and Socio-Economy Fisheries Study Program (Kediri).

**2. Master's Programme:** Aquaculture (Excellent accredited).

**3. Doctoral Programme:** Fisheries Science and Marine

To support lecture activities, FFMS UB has 154 teaching staff. There are 15 professors, as well as 62 education staff.

In order to support the teaching-learning process, FFMS is equipped with a lecture building consisting of 30 lecture rooms for undergraduate Programmes, 7 lecture rooms for Master's & Doctoral degree Programmes, and equipped with 11 laboratories, including field laboratory, namely the Freshwater Fishery Laboratory at Sumber Pasir, Malang Regency, Brackish Water and Marine Fisheries Laboratory in Probolinggo, and Marine Station in Sendang Biru, Malang Regency. In addition, there are reading rooms, prayer rooms, basketball courts, volleyball courts, gazebos, canteens, and 17 student organization rooms.

During the past 5 years (2017-2022), FFMS UB cooperates with various institutions both in academic and non-academic fields such as:

1. Asean Fisheries Education Network (ASEAN FEN)
2. Nagoya City University, Japan
3. National Pingtung University of Science and Technology
4. The Nature Conservancy
5. Le Mans Universite, France
6. Szczecin University, Poland
7. GHaNA Project-MCSA-RISE European Union consists of 22 academic and non-academic institutions from 13 countries (France-UK-Switzerland-Denmark-Poland-Greece-Algeria-Vietnam-Indonesia-USA-Canada-Australia)
8. Universitas Malaysia Terengganu
9. College of Bioscience and Biotechnology National Chen Kung University, Taiwan
10. College of Veterinary Medicine Tarlac Agricultural University, Republic of The Philippines
11. Ritsumeikan University, Japan
12. Minghsin University of Science and Technology
13. Southeast Asia Plastic (SEAP), Natural Environment Research Council (NERC)-UK dan Natural Research Center (NRC)-Singapore

Various achievements of the students of the Faculty of Fisheries and Marine Sciences are the Silver Medal at the Korea International Women's Invention Exposition, the Gold Medal at the AFRICA OCIIP EXPO; Organization for Creativity, Innovation and Invention Promotion, Nigeria (OCIIPNIG), Bronze Medal at ASEAN Innovative Science, Environmental and Entrepreneur Fair, Gold medal at Youth International Science Fair (YISF) 2021, and 2nd Place in the National Fisheries Business Plan Competition.

## Faculty of Mathematics and Natural Sciences

Faculty of Mathematics and Natural Sciences (FMNS) was established in 1993 to bring forth generation of scientists through education and to contribute to the development of science through research. The Faculty of Mathematics and Natural Sciences has seventeen Study Programmes that have received national and international recognition:

1. **Bachelor's degree:** Biology, Physics, Chemistry, Mathematics, Statistics, Geophysics Engineering, Instrumentation, Actuarial Science;  
\*Internationally accredited by the Accreditation Agency for Study Programmes in Engineering, Informatics, Natural Sciences, and Mathematics (ASIIN).
2. **Master's degree:** Biology, Physics, Chemistry, Mathematics, Statistics;  
\*Accredited "Unggul" (excellent) by BAN-PT A\*
3. **Doctoral degree:** Biology, Physics, Chemistry, Mathematics.  
\*Accredited with rank A dan B, respectively, by BAN-PT\*

Faculty of Mathematics and Natural Sciences has 154 lecturers; among them 27 are holding professor titles. Compared to the other faculties in UB, FMIPA leads in the number of lecturers with doctoral degrees (108 lecturers). Their dedication in developing science is shown by the ratio of

publication of scientific papers per lecturer that reached 3:2 in 2021, which is the highest in UB. A number of scientific works that have been further developed into innovative products include Biosains Rapid Test GAD65: a diabetes early detection kit; UB-03 Biomass Stove: a smokeless biomass-fueled stove with high combustion efficiency; and UBreath: a COVID-19 rapid detection tool with the ability to classify OTG, mild, moderate, severe, and critical symptoms. Some lecturers are also active as visiting researchers at reputable foreign institutions, such as Osaka University, Ritsumeikan University, and Okayama University, Japan.

The number of enrolled students in Faculty of Mathematics and Natural Sciences in 2021 is around 4000 students. In the same year, a total of 579 students were awarded in various innovation and scientific competitions at national and international levels, including the World Invention Competition and Exhibition, Malaysia; and The 14<sup>th</sup> Korea International Women's Invention Competition, South Korea.

**Biosains Rapid Test GAD65**

**Biomass Stove UB-03**

**UBreath**

In terms of quality assurance as an academic organization, Faculty of Mathematics and Natural Sciences obtained ISO 21001:2018, which is an international standard for education management systems. In 2021, the Faculty of Mathematics and Natural Sciences also ranks first in the UB Annual Quality Award (UBAQA) which shows the commitment of the Faculty of Mathematics and Natural Sciences to continuously improve the quality of its services. In response to the post-pandemic new normal, the Faculty of Mathematics and Natural Sciences has prepared 31 classrooms equipped with hybrid class technology, and they have been fully utilized for hybrid lecturing activities since the even semester of the 2021/2022 academic year.

In pursuance of accelerating internationalization programs, implementing research products, and improving the skill of its academic staffs, the Faculty of Mathematics and Natural Sciences collaborates with various national and international universities, industrial companies, and government agencies, which are implemented in various activities such as double degree, student mobility, and collaborative research. Cooperation partners include the Ministry of Tourism and Creative Economy; Indonesian Actuarial Association; PT. Kalbe Farma; PT. Pertamina; PT. Rhuekamp Indonesia; Government Agency for Environment, Batu; FH Aachen University of Applied Sciences, Germany; Graduate School of Engineering Science, Osaka University, Japan; and Graduate School of Environmental Studies, Tohoku University, Japan.

## Faculty of Agricultural Technology

Faculty of Agricultural Technology (FAT) was officially established on January 26, 1998, by the Minister of Education and Culture of the Republic of Indonesia's Decree Number: 012a/O/1998.

The Faculty's vision is to become a superior faculty of agricultural technology that is recognized and trusted in the international level and contribute to national development through education, research, and public service.

Currently, Faculty of Agricultural Technology have 11 Study Programmes, 6 of them are undergraduate Study Programmes: Food Science and Technology, Biotechnology, Agricultural Engineering and Biosystem, Environmental Engineering, Bioprocess Engineering, and Agricultural Technology. For the Master's degree, there are 3 Study Programmes: Agricultural Product Technology, Agricultural Engineering, and Agricultural Technology. As for the Doctoral degree Program, there are Food Science and Agricultural Technology.

To perform lecturing activities, Faculty of Agricultural Technology is supported by 126 qualified lecturers, from these lecturers, 13 are professors, and supported by 65 qualified staffs.

In its development, Faculty of Agricultural Technology has become one of the great faculty in UB, with many academic achievements, for

example: Accredited internationally by the Institute of Food Technologists (IFT), for the Food Processing Science and Technology study program.

Some of the achievements that have been achieved by FAT include the Certificate of Appreciation for its success in building a Regional Integrity Zone free from corruption (ZI WBK) in 2021. LKM ABC FTP UB Wins the National Business Plan Competition Decrecom 2.0 Through ELAB, LEMONISH FTP UB Student Work Wins International Silver Medal YISF 2022 Competition, and FTP UB Students won 2 Gold Medals, 1 Silver Medal, 1 Special Awards and 1 hopeful winner in the ASEAN ARC competition organized by the Philippine Society of Agricultural and Biological Engineers.

Several collaborations carried out by FAT with companies, regional governments, and national and international universities are aimed at academic development and science and technology development in the implementation of regional autonomy, namely:

- Wageningen University
- Kyoto University
- Ponorogo Regency Government
- Trenggalek Regency Government

- KSU Gemah Ripah Loh Jinawi
- PT. Rise up Cassava Mandiri

Several laboratory facilities owned by FAT to support effective teaching and learning activities, namely:

- Food Processing and Agricultural Product Processing and Engineering Laboratory
- Food and Agricultural Products Chemistry and Biochemistry Laboratory
- Food and Agricultural Product Microbiology Laboratory
- Laboratory of Food Nutrition and Agricultural Products
- Laboratory of Food Processing and Agricultural Products
- Agricultural Machinery and Power Laboratory
- Natural Resources and Environmental Engineering Laboratory
- Mechatronics Laboratory of Agro-industry Tools and Machinery
- Agro-industrial Management Laboratory
- Bioindustry Laboratory
- Computing and Systems Analysis Laboratory
- Pilot Plan Laboratory
- Entrepreneurship Laboratory
- Biotechnology Laboratory
- Sensory Testing Laboratory and Applied Food Science

- Food Quality and Safety Testing Laboratory
- Waste Treatment Laboratory
- Remediation Laboratory
- Bioprocess Engineering Laboratory

## **Faculty Of Social Science and Political Science**

Faculty of Social and Political Sciences (FSPS) Universitas Brawijaya, formerly known as Social Science Programme (PIS). Established and ratified on April 8, 2004, then on February 29, 2008, changed to the Faculty of Social Sciences based on the Decree of Higher Education number: 536/D/T2008. Along with the increasing interest in social science and political science and the development of science, on 14 May 2009, UB Chancellor Decree Number: 169/SK/2009 was issued regarding the change of name from FIS to FISIP.

In its development, FSPS of Universitas Brawijaya has 6 (six) departments, namely:

1. **Department of Sociology**  
(<https://sosiologi.ub.ac.id/id/>)
2. **Department of Communication Studies**  
(<https://komunikasi.ub.ac.id/>)
3. **Department of Psychology**  
(<https://psikologi.ub.ac.id/>)
4. **Department of Political Science**  
(<https://politik.ub.ac.id/>)

5. **Department of International Relations** (<https://hi.ub.ac.id/>)
6. **Department of Government Science**  
(<https://pemerintahan.ub.ac.id/>)

In addition, FISIP also has 3 (three) Postgraduate Study Programmes consisting of:

1. **Master of Communication Study Programme,**
2. **Master of Social Science Study Programme,**
3. **Sociology Doctoral Study Programme.**

By looking at the composition, FSPS of Universitas Brawijaya has become one of the major faculties towards international standards. Supported by various facilities that can improve the atmosphere of teaching and learning to be more effective, for example, the availability of laboratories and libraries. To realize and improve the quality and quality of education, FSPS of

Universitas Brawijaya has 149 teaching staff (lecturers) and 86 education staff. In addition, FSPS of Universitas Brawijaya also cooperates with universities and national and international scale companies.

In the Student Affairs Sector, FSPS of Universitas Brawijaya also has a number of achievements, including:

1. "Artur Book" augmented reality culture book, May 22, 2021, in Romania (acquired by student on behalf of M. Haikal Ivanza).
2. International Creativity Competition, 20w21, on June 11, 2021, in Bandung (won by a student on behalf of Amirah Dinda Azzahra).
3. FRESH 14th National Debate Competition, Faculty of Public Health, Andalas University, Padang, 8 -17 October 2021 (achieved by a student on behalf of Satria Naufal Putra Ansar).
4. International Science and Invention Fair (ISIF), November 2021. (achieved by a

student on behalf of Theo Gerald Parluhutan Napitupulu).

5. Debate competition in the "FISIP Student Scientific Week 2021" competition at FISIP UNAND, 8 – 11 April 2021 (student on behalf of Aulia Izzah Azmi).

## Faculty of Cultural Studies

The Faculty of Cultural Studies (FCS-UB) is the center of humanities and culture studies in response to global developments and efforts to conserve local and national culture. The establishment of a language laboratory in 1973, the English Diploma Program in 1986, and the Language and Literature Program in 2006 were all forerunners to the formation of FCS UB. In 2009, the FCS was ratified.

FCS UB has 10 Study Programmes. The Undergraduate Programmes are English Literature, Japanese Literature, French Literature and Education, Chinese Literature, English Education, Japanese Education, Indonesian Literature and Education, Fine Art, and Anthropology. There is also one Master's degree Study Programme in Linguistic Sciences.

FCS UB uses a variety of advanced technologies and facilities to enhance the implementation of its activities.

FCS-UB has participated in international accreditations, including AUN-QA and AQAS, and has fostered international cooperation.

Among FCS-UB's many achievements and successes are:

- Joint Research and Publication, as well as collaborative teaching with numerous international and local universities
- International Student Exchange Program to universities in Europe, the United States, Australia, Japan, and China.
- A gold medal at The Third Digitalized International Invention, Innovation, and Design Competition, which will be held in Malaysia in 2020.

Cooperation is carried out by the Faculty of Cultural Sciences at Home and Abroad; among others are:

- Kyoto University, Japan
- Busan University of Foreign Studies, South Korea
- Prefectural University of Kumamoto, Japan
- Federation Universities Australia
- International Institute of Multi-Cultural Studies (IIMS), Japan
- Yamanashi Gakuin University, Japan
- Tianjin Foreign Studies University, China
- Changzhou Institute of Technology, China
- The Intensive English Language Institute, Adelaide South Australia
- Hiroshima University, Japan
- MGMP Japanese Language SMA/MA Malang City
- Sebelas Maret University
- Akamigas Energy and Mineral Polytechnic

- Faculty of Language and Arts, State University of Semarang
- Kediri City Education Office
- PT Citra Multimedia Indonesia (Medcom.id)
- 17 Faculty of Cultural Sciences Universities in Indonesia

## Faculty of Veterinary Medicine

FVM UB, which is the Faculty of Veterinary Medicine, Universitas Brawijaya, was originally a UB Veterinary Medicine Program which was established on September 4, 2008, based on the Decree of the Director-General of Higher Education No. 2953/D/T/ 2008, which was later determined as the birthday (Dies Natalis) of FVM UB. In 2016, Veterinary Medicine Program officially changed its name to the Faculty of Veterinary Medicine based on the Regulation of the Minister of Research, Technology and Higher Education of the Republic of Indonesia Number 4 of 2016 dated January 22<sup>nd</sup>, 2016, concerning the Organization and Work Procedure of Universitas Brawijaya.

FVM UB has 2 Study Programmes consisting of Veterinary Medicine Study Programme and Veterinary Profession Education Study Programme. Both Study Programmes have received “UNGGUL”<sup>3</sup> Accreditation from the LAM-PTKES decision based on SK No. 0501/LAM-PTKes/Akr/Sar/XI/2021. For the

implementation of lecture activities, the Faculty of Veterinary Medicine has 40 teaching staff and 42 education staff.

FVM UB has collaborated with 48 national partners/stakeholders and five foreign universities.

(<https://www.youtube.com/watch?v=LN2NyB3GEgE>).

The infrastructure supporting the faculty are the Veterinary Teaching Hospital, Animal Clinic, and 13 Laboratories.

(<https://www.youtube.com/watch?v=vfZdTFJ6UQ0>).

Some achievements that have been achieved by FVM both nationally and internationally, namely:

- The 113 Indonesian Innovation Awards held by the Business Innovation Center (BIC) in 2021, namely: “*Antibodi poliklonal berbasis protein spesifik 156 kDa, Upaya pengembangan deteksi antibodi terhadap SARS-Cov2*” (Specific 156 kDa protein-based polyclonal antibody, an effort to develop antibody detection against SARS-Cov2) initiated by: Prof. Dr. Aulanni'am,

DVM., DES; dr. Syifa Mustika, Sp.PD-KGEH., Dyah Kinasih Wuragil, S.Si., MP., M.Sc., and Yudith Octanella, DVM., M.Si.

- The monumental work of Prof. Dr. Aulanni'am, DVM., DES on Patent Kit for Thyroid Stimulating Hormone Receptor (TSHR) Based on Thyroid Autoimmune Disease (PTA) Detector and Kit for Early Detection of Diabetes Mellitus Type 1 and Latent Autoimmune Diabetes in Adult Based on Recombinant Protein Glutamic Acid Decarboxylase 65 kDa (GAD65) which are accessible on the market in collaboration with PT. Biofarma
- International recognition, among others, is getting an International Collaborative Research Grant with The University of Queensland in the Global Initiative Veterinary Cancer Surveillance (GICVS) Program in 2021 by the Dean of FVM UB, Dyah Ayu Oktavanie, DVM., M. Biotech together with Andreas Bandang Hardian, DVM., M.VSc.

Several collaborations with companies, government institutions, and educational institutions that have been carried out by FVM UB both nationally and internationally, are:

- SEAVSA (Southeast Asia Veterinary Science Association)
- Tarlac Agricultural University, Philippines

- School of Veterinary Medicine, Kangwon National University
- PT. Jaya Poultry Source
- PT. Sanbio Lab
- Lamongan District Livestock and Animal Health Service
- Blitar City Food and Agriculture Security Agency
- Bogor Livestock Embryo Center
- Indonesian Veterinary International Veterinary Association (AKIVI)
- Veterinary Public Health Association (ASKESMAVETI)
- AZET Faculty Of Animal Science and veterinary medicine, Nong Lam, University, Vietnam
- PT. Sapta Magnificent Works
- Language Center

## Faculty of Computer Science

The Faculty of Computer Science (FILKOM) was founded to answer the need for professional human resources in Information Technology. Founded in 2011, FILKOM has produced 4,607 students. As a newly established faculty in UB, FILKOM is ranked 801+ by the Times Higher Education World University Rankings (THE WUR) 2022, a noteworthy achievement in the Computer Science category.

FILKOM provides six accredited Study Programmes i.e.:

- **Excellent accredited Undergraduate Program:** Computer Engineering
- **Accredited Bachelor Program A:** Information Systems and Information Technology Education;
- **Accredited Bachelor Program B:** Informatics Engineering and Information Technology;
- **Excellent accredited Master's Programme :** Computer Science

FILKOM is supported by qualified human resources. There are 115 lecturers with professor, Doctoral, and Master's degrees; as well as 65 supporting staff. The lecturers are graduates of various reputable universities in the country and abroad.

To support academic activities, FILKOM has 8 laboratories and 10 research groups as follows:

- Learning Lab.
- Intelligent System Lab. & Research Groups
- Robotics & Embedded System Lab. & Research Groups
- Software Engineering Lab. & Research Groups
- Information Based-Network Lab. & Research Groups
- Media, Game and Mobile Lab. & Research Groups
- Information Systems Lab. & Research Groups
- Learning Technology Lab. & Research Groups
- Computer Vision Research Groups
- Geographic Information Systems Research Groups
- Information Technology Entrepreneurship Research Groups

Various collaborations have been carried out by FILKOM with universities, institutions, and companies within the country and abroad for research activities, training, internships, job placements, etc. The cooperation partners include:

- Marimo Holdings Co.Ltd., Japan
- Abundant Sdn. Bhd., Malaysia

- FXMedia Internet Pte, Ltd., Singapore
- Victoria University, Australia
- Saga University, Japan
- PT Samsung Electronics Indonesia
- PT ZTE Indonesia
- PT Agate International
- Ministry of Communications and Informatics Republic of Indonesia

Units or boards within FILKOM that supports academic and non-academic activities include:

- Journal Publishing Board
- Information Systems and Public Relations Management Unit
- Board of Research and Community Service
- Skills Certification Program
- Digital Media Development Unit
- Counseling, Career Development, and Integrated Services for Sexual Violence and Bullying Unit
- Quality Assurance Group dan Unit
- International Relation Office

Related to student activities, FILKOM also has a number of student communities to accommodate student talents and interests. Through this community, 143 national achievements and 5 international achievements, including:

- Gold Medal in Bangkok International Intellectual Property Invention, Innovation and Technology Exposition 2019

- 9<sup>th</sup> place in Varsity Hackathon by Universiti Sains Malaysia
- Winner of National Online Student Scientific Writing Competition 2021
- 1<sup>st</sup> prize in Innovative Technology Competition (IFEST) 2021; 2<sup>nd</sup> & 3<sup>rd</sup> place of Application Development Competition in HIMFEST 2021
- 2<sup>nd</sup> place of UI/UX Design in Ruang Karya Competition by Universitas Mercu Buana
- Most Favorite Game in IGSI Game Jam 2022
- 2<sup>nd</sup> & 3<sup>rd</sup> place of Robot Sumo RC Competition, in Wonder of Technology Festival 2019
- Best Design of 2 Line Tracer Micro, Creative IDEA in Development 2019

## Faculty of Dentistry

The Faculty of Dentistry Universitas Brawijaya (UB) was established as the Dental Education Study Program in 2008 through the Decree of the Director-General of DIKTI Number 2123/D/T/ 2008 dated 11 July 2008, under the Faculty of Medicine UB. The change of status to Faculty was done in 2016, based on the Regulation of the Minister of Research, Technology and Higher Education of the Republic of Indonesia Number 4 of 2016 on 22 January 2016, concerning the Organization of Universitas Brawijaya.

Faculty of Dentistry has 2 Study Programmes, namely the Bachelor of Dentistry Study Program (A LAMPTKes accreditation), which produces Graduates of Bachelor of Dentistry (BDS), and the Dental Profession Study Program (B LAMPTKes accreditation), which produces Dental graduates (DDS).

The Faculty of Dentistry has 50 teaching staff and 33 supporting staff to perform academic activities. Based on their expertise, the teaching staff at the Faculty of Dentistry UB are divided into 12 areas of expertise, namely Pediatric Dentistry, Periodontics, Oral Diseases, Dental Conservation, Oral and Maxillofacial Surgery, Prosthodontics,

Orthodontics, Oral Biology, Dental Materials Science, Dental Radiology, Community-Preventive Dentistry Science, and Dental Nanotechnology.

In an effort to support the academic atmosphere, the Faculty of Dentistry UB provides various educational, research, and student facilities. Facilities at the Faculty of Dentistry include lecture rooms, discussion rooms, reading room, Computer Based Test (CBT) room, OSCE CENTER room, an oral biology laboratory, dental preclinical skills laboratory, and dentistry clinical skills laboratory. Facilities at the Faculty of Dentistry UB are equipped with

## Faculty of Health Sciences (FIKes)

The Faculty of Health Sciences (FIKes) officially becomes a faculty in UB on December 28, 2021. The Faculty of Health Sciences is the 17th Faculty that was established at Universitas Brawijaya. is a transformation of the Department of Nursing and the Department of Nutrition which previously joined under the auspices of the Faculty of Medicine since 1997.

Currently, FIKes has two departments namely Nursing and Nutrition with five Study Programmes:

1. S1 Nursing Study Programme
2. Undergraduate Nutrition Study Programme
3. Nursing Profession Study Programme
4. Dietitian Professional Study Programme
5. Nursing Masters Study Programme (5 Specialties: Emergency Nursing, Medical Surgical Nursing, Community Nursing, Mental Nursing and Maternity Nursing)

All Nursing and Undergraduate Nutrition Study Programmes have been accredited with Excellence and the preparation process for International accreditation, while the

Dietitian Professional Study Programme is accredited B and the re-accreditation process is leading to Excellence in 2023.

The academic process of lectures at FIKes UB is supported by 72 educators with 2 professors, 17 Doctoral, 53 Masters with 14 of them Master's with Specialist I, and 30 education staff.

In addition to lecture facilities, FIKes UB provides supporting facilities, namely:

1. Learning support laboratories consist of: nursing skills laboratory in the form of Mini Hospital and community settings, basic laboratory supporting nursing science and nutrition science.
2. Food administration & dietetics laboratory.
3. Nutritional assessment and communication laboratory
4. supporting facilities for student organization activities.

During their time in UB, Nursing and Nutrition students have made many proud achievements both at national and international levels. One of the latest

achievements of FIKes UB students at the International event is:

- Won the Gold Medal at the Malaysia Technology Expo 2022 (MTE) on 21-25 March 2022.

FIKes UB students also play active role in MBKM program, including in the last 5 years they have become recipients of the Ministry of Education and Culture's International Credit Transfer grant.

Currently, FIKes UB establishes cooperation with several universities abroad either through Joint Research, Joint Publication, Joint Seminar and Lecturer and Student Exchange; among them:

- National Taiwan University Hospital,
- St Paul University Philippines,
- International Islamic University of Malaysia,
- The University of Stirling, UK, Washington Permanente Medical Group (WMPG) USA,
- Universiti Putra Malaysia,
- Saint Louisiana University
- CIFOR (Center for International Forestry Research)

Responding to the challenges of the overseas job market, FIKes has collaborated with Japanese Hospital Institutions (Izumikai Izumigaoka Hospital) for the student apprenticeship process at the professional stage.

## Faculty of Vocational Studies

The Faculty of Vocational Studies has the vision to become a Vocational Higher Education with entrepreneurial character, excellence, and an international reputation in the creative economy and business fields. The Faculty of Vocational Studies currently has two departments, namely the Department of Creative Industry and Digital and the Department of Business and Hospitality. The Faculty of Vocational Studies organizes vocational/applied education programs (Applied Sciences) for Diploma (3 Year Program) and Bachelor of Applied Sciences (Bachelor of Applied Sciences).

The Faculty of Vocational Studies has five Study Programmes:

1. Bachelor of Applied Science Hospitality Management
2. Bachelor of Applied Science Graphic Design
3. Information Technology (3 Year Program)
4. Finance and Banking (3 Year Program)
5. Business Administration (3 Year Program)

The Faculty of Vocational Studies has two campus locations, namely the main campus

(Veteran) and Dieng Campus which are equipped with laboratories: Coworking Space, Discussion Rooms, Electronics Workshop Rooms, Self-Development Lab., Television Lab., Design Lab., Photography Lab., Certification Lab., Design And Television Lab., Business Lab., Audio Recording Lab., Image Studio, Photo Studio, Mini Bank Lab., Computer Lab., Language Lab., Outdoor Restaurant Lab., Indoor Restaurant Lab., Front office/Back office Lab., Hotel Lab., Room Lab, Mini-Bar/Café Lab., Videography/Photography Lab., Motion Picture Lab., Network & Wireless Lab., Internet of Things & Robotics Lab..

Collaborations have been carried out with various partners such as the National Narcotics Agency, Smile World Hotel, Typia Nesia Studio, Orkha Creative Studio, Mocca Animation, Roundbox Animation, with KJA. Sugeng, KKP & KJA Danny Wibowo, KKP Nanang Hermanto, KKP. Indonesian Taxpayer Tax Firm, Registered Accountant and Tax Consultant Service Office Danny Wibowo, PT JatimKonsulindo Utama, PT Mocca Studio, Particca, Billio Interior, Dwi Warna Informatics Professional Certification, Global Spirit Persada Tourism Professional Certification Institute, BPLP Brawijaya Malang, PT. ## Graduate School of Brawijaya University (SPUB)

The Graduate School of Universitas Brawijaya was initiated in 1981. It started with a collaboration with Gadjah Mada University as a Credit Collection Activity Program (*Kegiatan Pengumpulan Kredit*) Gadjah Mada University - Brawijaya University. In 2006, the management of most postgraduate study programs was handed over to the relevant faculties, especially non-multidisciplinary study programs. Under Government Regulation No. 108 of 2021 and UB Rector Regulation No. 1 of 2022, the name of the Postgraduate Program changed to Graduate School, which was called SPUB (*Postgraduate School of Brawijaya University*) after becoming PTNBH (*Legal Entity State Universities*).

Graduate School of Brawijaya University has four study programs and one multidisciplinary study interest, consisting of three Master's Study Programmes and two Doctoral Study Programmes, namely:

1. Master Program Management of Environmental Resources and Development (**Excellent Accreditation**);
2. Master Program of National Security Studies. (**B Accreditation**);
3. Master Program of Women's Studies. (**A accreditation**);
4. Doctoral Program of Environmental Science (**B Accreditation**);
5. Doctoral Program of Law, field of interest in Resilience Studies.

Graduate School of Brawijaya University organizes education, research, and community service in multidisciplinary, interdisciplinary, and transdisciplinary fields.

Graduate School of Universitas Brawijaya also implements effective and efficient education management. Graduate School of Universitas Brawijaya develops sustainable cooperation networks with industry, institutions, and professional

organizations both nationally and internationally to face global competition.

Graduate School of Universitas Brawijaya continues to improve the activities of the Tri Dharma of Higher Education, both at national and international levels, through 3 in one activities (involving foreign practitioners and lecturers); organizer of an annual international seminar (International Interdisciplinary Studies Seminar/IISS) involving international keynote speakers, national and international presenters; cooperation with government, private, and international institutions. The cooperation is in the form of scholarships, international seminars, student exchange, joint research, joint lectures, joint publications, guest lectures, community service, etc.

Graduate School of Universitas Brawijaya also facilities to support lecture activities include Integrated Social Humanities Laboratory, Integrated Science and Technology Laboratory, and all laboratories in Universitas Brawijaya.

### Centre of Double Degree

The Centre of Double Degree manages the double degree program in Vocational, Bachelor, Master, and Doctoral degree at Universitas Brawijaya (UB) which has been collaborated with international Partner Universities. This program aims to increase the competitiveness of study programs and their graduates in the national and international scope, increase international publications, and strengthen the network between academia at UB and those at Partner Universities.

Partner universities in double degree program has good international reputation and some partners are Top 100 QS World Rank. The cooperation between UB and Partner Universities is based on the principle of equality. The implementation of the teaching and learning process for the Double Degree program is carried out through credit transfer, credit earning, joint supervision and joint research, as well as joint publications. One of the advantages of joining the Double Degree program is that every graduate from this program will receive

two degrees with two diplomas issued by Universitas Brawijaya and the Partner University.

Partner Universities of the Double Degree program are located in several countries, including Australia, Japan, and Taiwan. To date, the Centre of Double Degree continues to improve collaborations with well-known international universities as well as those included in the Top 100 QS World Rank.

Students who are enrolled in Double Degree Program will have broader knowledge, experience, and perspective, thus improving their quality, competitiveness, and employability.

## Directorate of Innovation and Business Incubator Brawijaya University

The Directorate of Innovation and Business Incubator Universitas Brawijaya is one of the incubation service agencies and creates entrepreneurship within the Universitas Brawijaya.

Established in 2007 under the name Center for Incubation and Community Services (PIBLAM) based on the Rector's Decree No. 224A/SK/2007/06062007.

In 2017 the Chancellor of Brawijaya University changed the name of the institution to the Entrepreneurial Incubator Agency (BIW). The appointment/appointment of the manager is based on the Rector's Decree (SK) Number 3254/SK/2017.

In 2020, based on the Rector's Regulation Number 27 of 2020 concerning the Business Management Agency (BPU) Universitas Brawijaya, BIW's name changed to BIIW (Entrepreneurial Innovation and Incubator Agency) and organographically it became one of the institutions under UB's BPU. Based on UB Rector Regulation No. 93 of 2021 concerning Organizational Structure under the Chancellor, BIIW (Body for Innovation and Entrepreneurial Incubator) changed its name to the Directorate of Innovation and Business Incubator Universitas Brawijaya (DI2B) under the auspices of the Vice Chancellor for Research and Innovation

DI2B UB plays a role in accommodating, assisting, and producing creative and innovative entrepreneurs, especially from students, lecturers, and education staff in Universitas Brawijaya, and is also open to elements of society outside Universitas Brawijaya.

### ▪ Vision

To become a service agency that plays an active role in encouraging the emergence of innovation and entrepreneurship in Universitas Brawijaya to support the improvement of the national economy.

### ▪ Mission

1. To become a service agency that plays an active role in encouraging the emergence of innovation and entrepreneurship in Universitas Brawijaya to support the improvement of the national economy.
2. Encouraging the creation of reliable innovation and entrepreneurs for the academic community of Universitas Brawijaya at the national and global level.
3. Encouraging business networks to support the commercialization of the innovation results of the Universitas Brawijaya academic community.

UB Press aims to be a forum for Universitas Brawijaya's academic community to publish scientific works and manage Book Copyrights, as an effort to help improve the ranking of Universitas Brawijaya Campus.

Intellectual Property Center is intended to become a reliable and professional center for Intellectual Property management and contribute to increasing the number of Intellectual Property Rights in the academic community of Universitas Brawijaya.

*Growing Indonesia  
a Triangular Approach*

Co-funded by the  
Erasmus+ Programme  
of the European Union

Cooperation is meant to improve the entrepreneurial spirit in Universitas Brawijaya, and the Entrepreneurial Incubator Agency at the University to get funding for the GITA Project to increase UB's ranking at the World Class Entrepreneur University level.

**KEMENTERIAN RISET DAN TEKNOLOGI  
Badan Riset dan Inovasi Nasional**

The cooperation agreement between Kemenristek-BRIN (the Ministry of Research and Higher Education - National Research and Innovation Agency) and DI2B UB regarding the program given to tenants of technology-based startup companies through business incubator institutions is directed to carry out the incubation process for startup companies so that they are ready to become technology-based startups that are profitable and sustainable).

## Non-Academic Business Entity (BUNA)

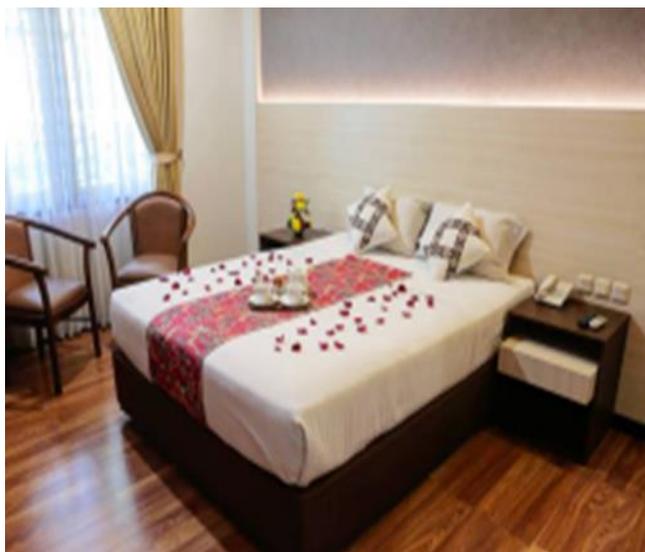

Non-Academic Business Entity (BUNA) is one of the business entities under the Business Management Agency (BPU) which manages various facilities at Universitas Brawijaya. Established in 2016, BUNA has several goals, including being income generating for universities and providing the best products and services for the academic community. BUNA has 7 business units including:

### Griya Brawijaya

Griya Brawijaya is one of BUNA business units engaged in accommodation such as dormitories students (domestic) and low budget lodging. Griya Brawijaya is the best choice for students who will study at UB because the facilities available are very complete. Starting from the canteen, mini market, laundry, and accessible to other UB areas. Griya Brawijaya also has 2 meeting rooms that can accommodate 30 to 80 people. In addition, Griya Brawijaya also has catering business with the best quality and already Halal certified by LPPOM MUI.

### UB Guest House

UB Guest House is BUNA's business unit also engaged in hostel accommodation (international) and lodging. Lodging at UB Guest House has the same facilities with a 3-star hotel, so that UB Guest House is the right choice for the academic community UB who is visiting Malang city. Not only lodging, UB Guest House also has 5 meeting rooms with different capacities starting from 15 to 150 people. Coffee shop at UB Guest House also there is no need to doubt the quality because it has been Halal certified by LPPOM MUI.

## UB Canteen

BUNA also has business unit in food and beverage sector. UB Canteen has 3 central canteens, namely the Halalan Academic Canteen Thayyiban, Creative Land (CL) Canteen, and Veteran Food Court. Besides that, UB Canteen also takes part in terms of management and operational standards which applies in all Faculty canteens with based on halal and hygienic requirements guaranteed. UB Canteen becomes an academic canteen the first in Indonesia to obtain a certificate halal by LPPOM MUI and make it as a role model for other canteens in Indonesia.

## UB Sport Center

UB Sport Center is the only center the most complete sport owned by Universitas Brawijaya. UB Sport Center has two main branches (Cibogo Canal and UB Dieng Campus) with various kinds of facilities ranging from gym room to indoor and outdoor fields. There are 2 different rooms at the gyn with different equipment different too. There are also UB Sport Center with various courts such as indoor tennis and outdoor, futsal field, shooting range, as well as a soccer field that is often used by the team the pride of Malang, Arema FC, for practice.

## UB Media

This unit is a printing business which has been established since 2012. UB Media has several services such as book printing, seminar kits, paper boxes, banners, and so on. Academic and general civitas can print books or other printing needs with quality and competitive price. This good quality proven by UB Media being the provider International Halal and Thayyib seminar kit Conference a few years ago. In the future, UB Media will develop e-books as well as digital other printed products.

## UB Coffee

UB Coffee has been crowned as the only cafe in Malang, which has a Halal certificate from LPPOM MUI. This cafe with an academic feel is the choice both for UB's academic community and society general to just hang out, have lunch, or even workshops. UB Coffee has 2 mini comfortable meeting room and has complete facilities such as AC, LCD projector, and capacity up to 15 people. The menu served is also very diverse; starting from Nusantara cuisine, western, Chinese, middle east, to fusion choices. There are various kinds of beverages aside from coffee such as non-coffee based like juice, mocktail, and *wedang* herbs.

## UB Merch and Creative

UB Merch and Creative is the only University's official merchandising unit Brawijaya. UB's 'youngest' unit produces various kinds of souvenirs and merchandise such as vandels, t-shirts, jackets, hoodies, and products other apparel. In addition, UB Merch and Creative also provides creative manufacturing services videos such as profile videos, company profiles, and other digital needs. Even though the unit is new, UB Merch and Creative already gets a lot of ordered products both from UB academia

or non UB customers.

## Health Business Entity

### Vision

“To become a quality and dignified health business entity in order to realize Brawijaya University as a health service center for the community based on science and technology”

### Mission

To be able to realize this vision, the Health Business Entity has the following missions:

1. Coordinate, facilitate, and encourage the realization of Excellent Service Governance for all health service units in Universitas Brawijaya so that an organization with integrity, efficiency, effectiveness, transparency, and accountability can be realized.
2. Initiating, supporting, facilitating, and supporting and encouraging the growth and development of innovations in health units at Universitas Brawijaya.
3. Encourage the realization of training and development in the field of health services and the realization of radiation protection certification.

4. Coordinate the development of health service units within the Universitas Brawijaya for the benefit of the Tri Dharma of Higher Education.
5. Realizing the development of quality and dignified health services in health service business units within Brawijaya University. Exploring sources of health financing in the form of grants, soft loans to improve health services
6. Encouraging health business units within the Universitas Brawijaya to achieve complete health which includes promotive, preventive, curative and rehabilitative efforts in a professional and responsible manner.

### Policy Strategy

1. Coordinate, realize, synergize, and realize the management of health service business units in UB by:
2. Completing the facilities, infrastructure, and human resources in the BUKes environment;
3. Strengthening coordination within health service units within UB;

4. Prepare cooperation with universities at home and abroad;
5. improvement and realization of cooperation between BUKes business units with other institutions;
6. the establishment of a training center and radiation protection;
7. Encouraging the improvement of hospital accreditation, both RSUD, Educational Veterinary Hospital, Universitas Brawijaya Clinic
8. benchmarking with hospitals that have a pattern of Commonwealth Style, European style, and Japan style.
9. Encouraging the realization of the Oral Dental Hospital
10. Preparation for the establishment of UB Clinic in Dieng Campus, Kota Lama, & Campus.

Health Business Entity has 3 business units including:

- a. Brawijaya University Hospital or Rumah Sakit Universitas Brawijaya (RSUB) (<https://rumahsakit.ub.ac.id/>)
- b. Clinic Brawijaya University (<https://klinik.ub.ac.id/>)
- c. Educational Veterinary Hospital (<http://animalklinik.fkh.ub.ac.id/>)

**Business Unit Address:

**Video Profile UB Clinic:**

<https://klinik.ub.ac.id/profil/video-profil/>

### Expertise Business Entity (BUKR) Brawijaya University

Expertise Business Entity is one of the business entities that contributes to UB's income apart from students. BUKR focuses on professional expertise/expertise services. BUKR has several business units that run certain types of business in accordance with the legislation. The business units under BUKR include:

- a. UB Halal Inspection Agency or Lembaga Pemeriksa Halal UB (LPH UB) is UB business unit that carries out inspection and/or testing on halal products. (<https://lphub.ub.ac.id/>)
- b. UB Professional Certification Institute (LSP UB) is UB business unit that organizes professional certification for UB's academic community and society. (<https://lsp.ub.ac.id/>)
- c. UB Training and Consultant Center (PPK UB) is UB business unit that provides training management services, workshops, and expert consultations in

the fields needed by UB, UB's academic community, and the community. (<https://bukr.ub.ac.id/pusat-pelatihan-konsultasi/>)

- d. Thoyib UB Halal Institute or (IHT UB) is UB business unit that provides training services, workshops, expertise consultation, document preparation and assistance for halal assurance system consulting projects to UB, UB's academic community, and the community. (<https://iht.ub.ac.id/>)

Thus, Expertise Business Entity is required to always improve the quality of services accompanied by efforts to increase its relevance in the context of national and international competition. To realize its vision and mission, BUKR has made 5 (five) years' programs in an Expertise Business Entity UB 2021-2025 Strategic Plan (Renstra) document.

#### Vision

"Making UB's Expertise Business Entity Capable in Establishing an Active Role in Nation Development Through the Implementation of the Sciences of the Universitas Brawijaya's Academicians"

### **Mission**

1. Develop quality expertise-based business activities.
2. Empowering Universitas Brawijaya experts to use their expertise to solve problems in business, industry, government, and society.

### **Destination**

Established in accordance with the Rector's Regulation of the Business Management Agency No. 60 of 2018, BUKR is committed to continuing to develop Business Units / Service Businesses that are professional in nature required in the business world, industry, government, and society, both nationally and internationally.

### **Strategy**

As UB's strategic policy in 2021-2025 to become a quality university that is able to compete in the world, BUKR prepares a strategic policy to become a source of funds outside students. Consultant services and professional certification with international quality are carried out in accordance with the strategic goals formulated by UB in the field of Productivity and Competitiveness Improvement.

**There are six strategic issues in increasing BUKR's performance based on the SWOT that has been carried out, namely:**

1. Increasing UB's income outside of students through business entities
2. Improving human resources in UB (lecturers and students)
3. Improving the quality of BUKR services
4. Providing professional certified training
5. Procurement of cooperation with third parties
6. Competitors around UB, on a national and/or international scale

## UB Library

UB Library is determined to provide quality services, with international standards to build trust and stakeholder satisfaction and support the vision and mission of Universitas Brawijaya

### UB Library activities are aimed at:

- a. Providing and disseminating scientific information sources, in the context of the teaching and learning process of the UB academic community, so as to produce quality, independent and professional human resources who are accepted at local, national, and international levels.
- b. Help improve UB's ability in carrying out the functions of education, research, and community service.
- c. Organizing library services to support UB's vision and mission.

### Service type:

- a. **Circulation Services:** Borrowing and returning Library materials
- b. **Reference Service:** Utilization of reference sources owned by the Library
- c. **Repository Service:** Repository is a place where specifically data and information are stored in the form of scientific works

produced by educators, education staff, and UB students as well as guest lecturers on duty at UB, for student scientific works in the form of theses, theses, and dissertations in electronic form. can be downloaded in full text

- d. **Search Services:** Supports users in searching and retrieving information sources both printed and electronic
- e. **Information Literacy Services:** User training and guidance in the use of library materials
- f. **Cross-Service Services:** collaboration with other libraries in the use of printed and electronic library materials
- g. **Document Provision Services:** services related to requests for certain documents required by faculties and study programs in the context of accreditation.

Some of the achievements that have been achieved by UB's library are one of UB's librarians who was able to win 1st place in the 2019 Diktendik Outstanding Librarian. Award in the Diktendik Achievement Award event organized by the Ministry of Research, Technology and Higher Education.

In addition, in its development, the library undergoes a transformation towards digital and UB's library has implemented and innovated

related to the service. This is evidenced in the last 3 years; the innovation work of library staff is able to compete at the national level to be selected for the call for paper at the Indonesian Digital Library Conference (KPDJ) organized by the National Library of Indonesia.

Rama Repository is a national repository of research reports in the form of theses, final assignments, student projects (diploma), theses (S2), dissertations (S3) or research reports of lecturers / researchers that are not publications in journals, conferences or books that are integrated from the Repository Universities and Research Institutes in Indonesia. By integrating existing repositories in universities and research institutes, every research that has been carried out in universities, especially student final assignments and research institutes, will avoid duplication and plagiarism of research results.

UB's Repository in its contribution to the Rama Repository has experienced a very proud thing, in an effort to improve the repository to be integrated with the Ministry of Education and Culture's Rama, it has resulted in the achievement of occupying the 1st position in the top document in the Ministry of Education and Culture's Rama. In supporting internationalization, currently the Brawijaya library is the first library in Indonesia to become a member of the International Association of University Libraries.

#### Facility UB Library:

- a. Service room (reading room, discussion room, seating room)
- b. collection room
- c. Meeting room
- d. Free computer access service
- e. Teleconference Room
- f. prayer room

#### Service Hours:

**Monday - Thursday:** 08.00 - 22.00 WIB

**Friday:** 08.00 - 11.00 WIB and 13.00 - 22.00 WIB

**Saturday & Sunday:** 09.00 - 17.00 WIB

*(During the COVID-19 Pandemic Service Hours are set with limited service)*

## System and Information Technology (SIT)

UPT SIT UB has created many services using online systems in order to make it easier for students, the UB community, and even the general public if they want to obtain information about UB, register, and facilitate data collection. Various services developed by UPT SIT UB include:

### A. ADMINISTRATIVE SUPPORT SERVICES

#### 1. Academic Administration Service

- **SELMA UB:** Website and web application for new student admissions of Universitas Brawijaya. (<https://selma.ub.ac.id/>)

- **SIM UB:** Integrated academic web application for financial management, academic status, scholarships, and student graduation (<https://sim.ub.ac.id/>)

- **SIAM UB:** Student Academic Information System (for administration of filling KRS, KHS information, administration and information on lectures and registration, Student Biodata, and Graduation Registration. (<https://siam.ub.ac.id/>)

- **SIKAD Desktop:** Desktop-based Academic Information System application used by academic operators. (<https://siakad.ub.ac.id/>)

- **SIM Alumni:** Information system that regulates the administration of UB alumni data. (<https://sim.ub.ac.id/>)

- **Tracer Study:** Part of the alumni information system, to track the latest alumni data (<https://tracer.ub.ac.id/>)

#### 2. Financial Administration Services

- **Siregi Desktop:** Desktop version of Siregi application for operators.

- **SIMKEU:** Financial information system to manage university financial administration. (<https://simkeu.ub.ac.id/>)

#### 3. Personnel and Activities Administration Services:

- **SIMPEG:** Employee Administration System, manages UB staff's Staff Administration online. (<https://simpeg.ub.ac.id/>)

- **SIADO:** Lecturer Administration System, regulates administration of UB lecturers online. (<https://siado.ub.ac.id/>)

- **LAKIP:** Performance Accountability Report of Government Agencies from the central government.

#### 4. Reporting Administration Service

- **SIMPEL:** UB Student Reporting System (<https://simpel.ub.ac.id/>)

- **PDPT UB:** Higher education data reporting based on desktop application.

#### 5. Asset and Inventory Procurement Administration Services

- **SIASET:** University asset information system.

- **SIMAK-BMN (External):** An accounting information system for state property to regulate the administration of state assets.

- **LPSE (External):** Electronic procurement service owned by UB (<http://lpse.ub.ac.id/eproc/>)

#### 6. Administrative Services

- **SIAS:** Administration of correspondence for UB administration (<https://sias.ub.ac.id/>)

#### 7. Online Complaint Handling

- **UB-Care:** Online complaint handling service (<https://ub-care.ub.ac.id/>)

#### 8. Decision Support Apps

9. **UB DSS:** Decision Support System, a service that provides information to support decision making for UB officials. (<http://repository.ub.ac.id/10407/>)

## B. ACADEMIC SUPPORT SERVICES

- **E-Journal:** UB Online Journal Web Application (<https://jurnal.ub.ac.id/>)

- **Digilib:** UB Digital Library (<http://digilib.ub.ac.id/>)

- **E-Library:** Repository of UB's scientific works that can be accessed online

- **E-Learning:** (Google Classroom, Google Meet, Google Forms, etc.) and Virtual Learning Management (VLM UB). In addition, there are also distance learning support facilities such as Cisco Webex, Zoom, and others. (<https://vlm2.ub.ac.id/>)

- **Blog:** Blogging Application for Students, Lecturers, and Staff (<https://blog.ub.ac.id/>)

## Quality Assurance Centre

In order to continuous quality improvement, relevance, and efficiency of Universitas Brawijaya's services in the global era, the management of UB requires an Internal Quality Assurance System (IQAS). The Quality Assurance Centre of Universitas Brawijaya (QAC-UB) was determined by the Rector as a functional institution with the mandate to develop IQAS in UB.

Quality Assurance Centre Universitas Brawijaya (QAC-UB) has a vision to develop IQAS in UB to become a world class entrepreneurial university. The vision of QAC-UB is realized by setting the mission: developing and implementing IQAS in UB; actively participate in the development of an early warning system; and become to the center of excellence in IQAS.

Quality Assurance Centre Universitas Brawijaya (QAC-UB), has the duties of IQAS and monitors its implementation, so that it can support the fulfillment of the needs of the External Quality Assurance System (EQAS), i.e., accreditation. QAC-UB consists of 3 deputies and 6 centers which represent their duties and functions. The deputies and centers are:

### 1. Deputy of Organizational Accreditation:

- a. Internal Quality Assurance System Centre
- b. Quality Internal Audit Centre

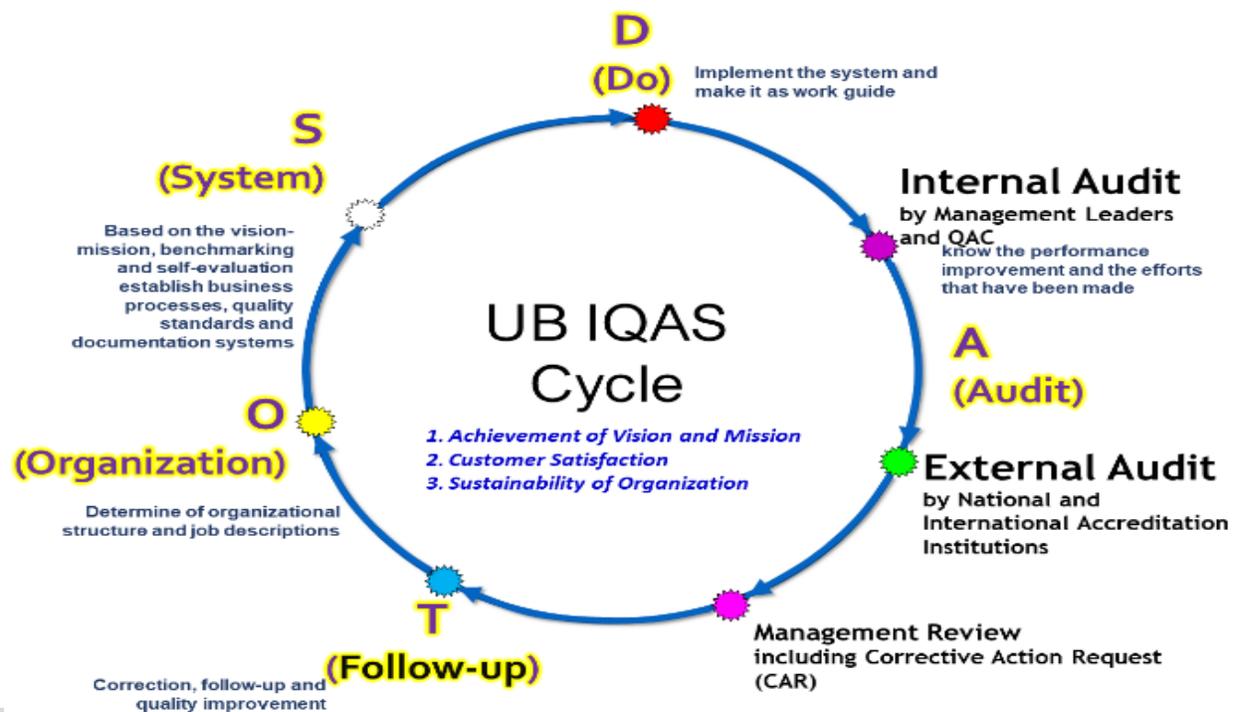

### 2. Deputy of Education Accreditation:

- a. National Accreditation Centre
- b. International Accreditation/Certification Centre

### 3. Deputy of Ratings:

- a. National Reputation Centre
- b. International Reputation Centre

The implementation of IQAS UB in order to fulfill EQAS (National Accreditation of Higher Education, Indonesian Accreditation Agency for Higher Education in Health, and International Accreditation) encourages QAC-UB to develop a unique IQAS, which combines Higher Education Quality Assurance System in Higher Education, ISO 9001 QMS, BAN-PT /LAM Accreditation System, Excellent Service Standards, AUN-QA Certification Criteria, and several other international accreditation requirements.

The implementation of IQAS (since 2007) has a good impact on the implementation of the quality management system in supporting units, in addition to develop quality, improving academic peer review and academic atmosphere, as well as minimizing incompliance with regulations and avoiding non-conformity performance. This is evidenced by the increase in the number of accredited Study Programmes with "A" and "Excellent" ratings in UB.

**The improvement in quality and reputation i.e.:**

1. UB was selected as the 8th best university in Indonesia by the Ministry of Research, Technology and Higher Education in 2017.
2. UB gets appreciation as one of five Higher Education Caregivers who implement the PT Asuh Programme Towards Excellent Study Programmes in 2017, 2018 and 2019 seriously by the Directorate General of Learning and Student Affairs of the Ministry of Research, Technology and Higher Education.
3. Accreditation of Institution in Higher Education "A" rating from National Accreditation of Higher Education (BAN-PT) since 2009 and updated in 2014 and 2018. In 2022, UB is able to convert accreditation to "Excellent" rank.

4. Of the 174 Study Programmes in UB, 35% of them have been accredited with an Excellent rank, 30% Study Programmes have been accredited A, and 30% Study Programmes have been accredited B.
5. ISO 9001:2008 certification for all UB since 2011, ISO 17025:2005 for Central Laboratory of Living Sciences (LSIH) since 2012 and Central Laboratory of Science and Engineering (LSSR) since 2019.
6. UB is selected as the best SPMPT Implementer in 2008 by the Directorate of Higher Education of Indonesia.
7. Since 2012, 25% Study Programmes at UB have obtained international accreditation/certification.

### **Institute of Research and Community Services of Universitas Brawijaya**

Institute of Research and Community Services (IRCS UB) was established in 2008 as the incorporation of the Research Institution (LEMLIT) and the institution of Community Services (LPM) that existed and initiated since 1978. In 2021, following the transformation of Universitas Brawijaya into a Legal Entity State University, IRCS UB performs as the institution to organize and manage research & community services under the coordination of Vice Rector of Research and Innovation.

IRCS UB organizes the core and flagship programs as follows:

- Research; includes research grants from the central government, international and internal funding such as Junior Research Grant/ HPP, Flagship Research Grant/ HPU, Flagship Development Research Grant/ HAPPU, International Collaboration Research/ HAPKI, Centre of Study Empowerment, and Strategic Research Grant)
- Community Services; includes community services from the central government and internal funding such as *Doktor Mengabdikan*

Grant, *Doktor Mengabdikan* in Frontier Areas, and Strategic Community Services Grant

- Cooperation with Ministries, Institutions, Local Governments, Private Companies (Business and Industry), Communities, etc
- Student Community Service (KKN), with the scheme as follows: Thematic, Nationality, East Java Regional Collaboration, National Collaboration, and Mutual Cooperation

#### **VISION:**

“To be a reputable international institution as the pioneer in the development and dissemination of science and technology, especially in supporting local-valued resources industry for sustainable community’s welfare”

#### **MISSION:**

- Conduct research to produce valued science and technology and improve people's welfare
- Develop community services to increase the university role as an agent of renewal, a pioneer and disseminator of science
- Establish quality assurance activities for research and community service quality in

the context of developing sustainable science and technology based on local excellence

- Organize national and international collaborations in research and community service for utilizing local values-based resources
- Improve reputable scientific publications from research results and community service at the national and international levels

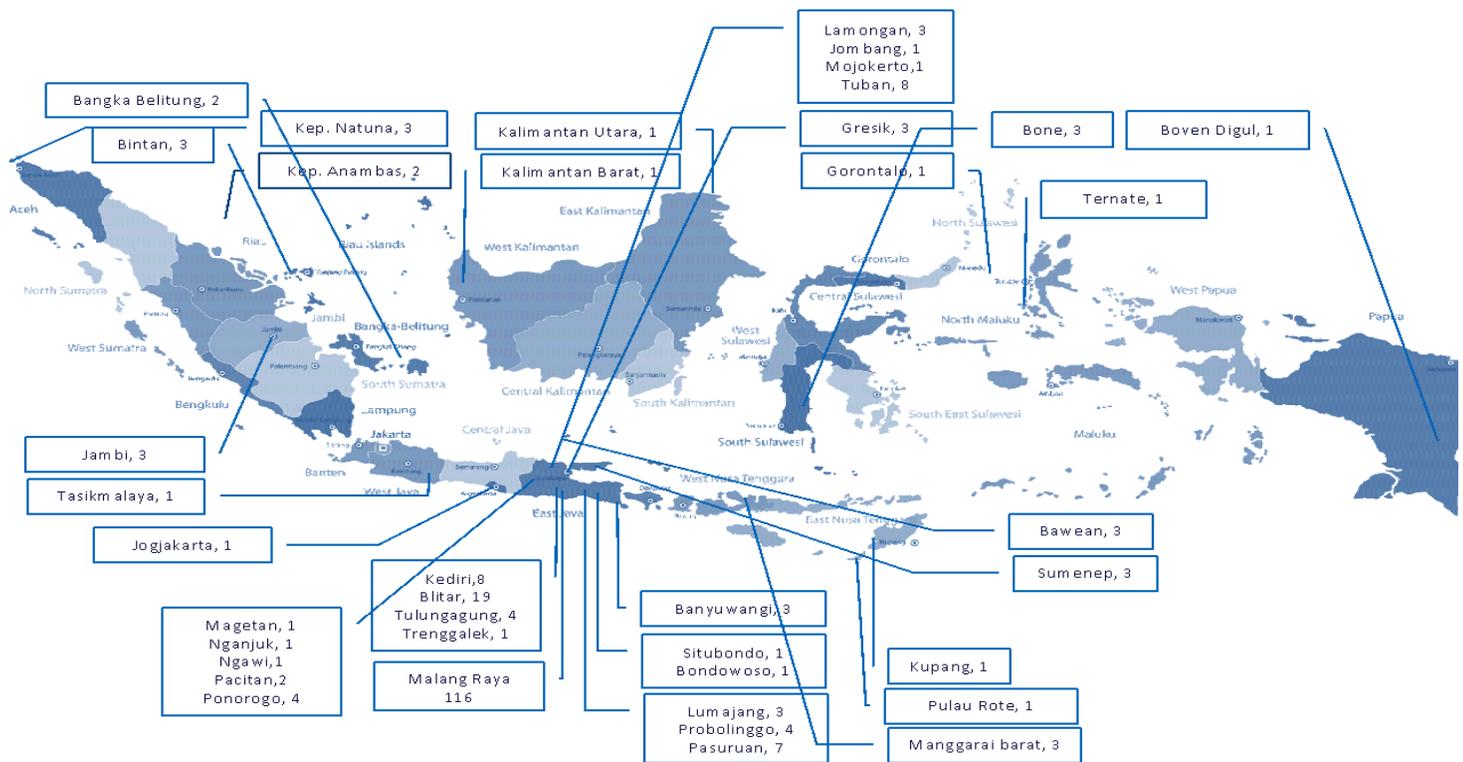

**OBJECTIVES:**

- Develop the healthy management of research and community service in autonomous university organization.
- Develop the quality and the quantity of research and community services to support vision achievements that cover national areas, improve the academic atmospheres, internationalization program and national competitiveness.

- Enhance the research and community services focused on the developments, utilization, problem solving especially the problem related to human and natural resources, technology, culture, society, and health.
- Provide community services to enhance the relevance of education, research, and community services.
- Prepare the leadership qualities through entrepreneurs and collaboration of society's potency.

**Sebaran Kegiatan Doktor Mengabdikan Tahun 2019-2021**

**Central Laboratory of Life Sciences (LSIH) Universitas Brawijaya**

LSIH is a central laboratory under Universitas Brawijaya, a technical Implementation unit that provides testing, research, and community services based on ISO 9001:2015 and ISO/IEC 17025:2017 standards. The vision of LSIH Universitas Brawijaya is to become an institution that provides research facilities and testing services to support the development of science and technology (IPTEK).

Meanwhile, the mission of LSIH Universitas Brawijaya is:

1. Planning and providing adequate research facilities for students and researchers both from Universitas Brawijaya and non-Universitas Brawijaya in accordance with the quality standards of Universitas Brawijaya.
2. Improving the ability and quality of researchers (Human resources) who are professional and have personality.
3. Provide services for research and development of life sciences, medicine, public health, basic sciences, and related fields of study in accordance with the quality standards of Universitas Brawijaya and/or ISO/IEC 17025:2017.

The objectives of LSIH Universitas Brawijaya are:

1. Providing quality research facilities in accordance with the quality system of Universitas Brawijaya which is an international standard.

2. Organizing training and tutorials for students and researchers in the field of research and the development of new knowledge.
3. Organizing research analysis services in accordance with quality manual standards and/or ISO/IEC 17025:2017.
4. Organizing assistance and network of international standard analytical service systems according to ISO/IEC 17025:2017 in Universitas Brawijaya.

The achievement of LSIH Universitas Brawijaya has 12 test scopes. This scope has been certified ISO/IEC 17025:2017 by the National Accreditation Committee (KAN). The scope of the test includes Moisture Content, Ash Content, Fat Content, Total Plate Count Test and *Escherichia coli* Test on wheat flour commodities, Moisture Content, Ash Content, Fat Content, Total Plate Count Test, and *Escherichia coli* Test on biscuit commodities, Detection of Pig DNA using PCR on Meatballs and Sausage Commodities. This year, it is planned to expand to 30 certified scopes.

As a form of community service, LSIH has collaborated with several related agencies, which has been evidenced by the signing of a cooperation agreement, in the fields of:

1. Cooperation in the field of training. LSIH has collaborated with the following institutions: Indonesian Institute of Sciences (LIPI), Center for Plant Seedling and Plant Protection (BBPPTP) Surabaya, Saiful Anwar Hospital Malang, Eijkman Institute, PT Shimadzu Asia Pacific, Lambung Mangkurat University, Papua State University, Khairun University, Ternate, UPN Veterans Integrated Testing Laboratory, Mulawarman University, and Sunan Gunung Djati State Islamic University, Bandung.

2. Cooperation in the field of testing. To fulfill one of the requirements for establishing a Halal Inspection Agency (LPH) is to own or cooperate with a certified laboratory. As a form of service to the community in terms of testing, LSIH has signed a cooperation agreement with LPH in several regions of Eastern Indonesia, including: LPH Brawijaya University, LPH Bahrul Maghfiroh Malang, LPH Nurul Munawwiry Probolinggo, LPH Trunojoyo Madura, LPH 1455 Pondok Pesantren Sidogiri Pasuruan, LPH UIN Maulana Malik Ibrahim Malang, Halal Examination Board of PWNU East Java, LPH Blitar University.

3. Cooperation in the field of research. LSIH has also collaborated with the following universities: Kassel Universitat, Kentucky University, Toxem University, Le Mans Universite, University of Szczecin, Universite Du Maine, Universidad De Las Palmas De Gran Canaria, and the University of Copenhagen.

With the increasingly sophisticated equipment supporting research and the support of LSIH services with competent and certified human resources, LSIH has served users from internal Brawijaya University and institutions outside Brawijaya University with positive feedback.

External users of LSIH from educational institutions are as follows: State University of Malang, Muhammadiyah University of Malang, State Islamic University of Maulana Malik Ibrahim Malang, Islamic University of Malang, Health Polytechnic of Malang, State University of Surabaya, Airlangga University Surabaya, Wijaya Kusuma University Surabaya, Institute Technology of

Surabaya, University of Bali, University of North Sumatra, Hasanudin University of Makassar, Palangkaraya State Islamic Institute, Pasuruan NU Institute, Jakarta Polytechnic, Syah Kuala University of Banda Aceh, Riau University, Lambung Mangkurat University Banjarmasin, Madura University, Diponegoro University Semarang, Institute of Technology Bandung, Jember University, Ma Chung University Malang, Bogor Agricultural University, Gadjah Mada University Yogyakarta, Hang Tuah University Surabaya, Mataram University, Madrasah Aliyah Negeri 2 Malang.

Furthermore, LSIH users from government agencies include the Regional Police of Yogyakarta Special Region, Beef Cattle Research Workshop, Sweetener and Fiber Crops Research Institute (Balittas), Research Institute for Various Nuts and Tubers (Balitkabi), and also Saiful Anwar Hospital Malang. LSIH users from private companies are Tanobell Food company and Essentra company.

### **Institute of Educational Development or Lembaga Pengembangan Pendidikan (LPP)**

Education is the main business of Brawijaya University (UB), which is one of the obligations of implementing Tri Dharma. Implementing quality education is the UB's function and objective as a higher education institution. Therefore, efforts to provide high-quality education are the main academic activities at Brawijaya University. In 1998, Brawijaya University established the Institute for Educational Research and Development (LP3) to improve education quality continuously. It evolved into the Institute for Educational Development and Quality Assurance (LP3M) in 2016. It became an Institute for Educational Development Institute (LPP) in 2021 when Universitas Brawijaya changed its form to a Legal Entity University (PTNBH UB).

The existence of LPP is crucial for the sustainability of Universitas Brawijaya because, until now, education has been the main business activity of PTNBH UB. The quality of education needs to be continuously improved, especially in times of change that are increasingly dominated by digital technology.

Learning methods, education management, and the quality of human resources in providing education continue to be developed along with the developments of various fields of science, technology, and art that are dynamically growing.

**LPP takes a role in maintaining the quality of education through various activities carried out with the support of 4 centers owned, namely:**

- Learning Activity and Technology Development Center (P2ATP)
- Education Relevance Development Center (P2RP)
- Center for Professional Academic Education Development (P3AP)
- Education Management Development Center (P2MP)

**In accordance with the Chancellor's Regulation no. 93 of 2021, LPP has the following duties:**

- Formulate and implement policies in the field of education development
- Organizing work programs that are in line with education development policies

- Evaluating and reporting on performance achievements in the field of education development and
- Organizing excellent academic development services in accordance with good university governance.

**In carrying out its duties, LPP has the following functions:**

- Planning and implementation of education development policies
- Development of learning and education
- Monitoring and evaluation of learning and education development and
- Implementation of excellent academic development services in accordance with good university governance

In carrying out its duties and functions, LPP actively processes upskilling lecturers through training activities that include Basic Instructional Skills Training (PEKERTI), Applied Approach (AA) Program, and training in learning methods and technology. Study activities in the management development aspect of education administration by considering technological and regulatory developments, improving education management capabilities, studies to formulate policies in the implementation of learning, evaluation of study program development, curriculum development, and other aspects for

the development of education administration. LPP carries out dissemination activities in the education aspect through the publication of the Eurodio journal. Various LPP activities can be seen on the LPP official website.

Assigned lecturers and education staff carry out LPP management. Developing the competence of lecturers and education staff assigned to LPP is done through skill and knowledge improvement. Cooperation with various parties is carried out by LPP, both with national and international institutions. Comparative study activities from outside parties to LPP and from LPP out are carried out as a form of knowledge development. Technical and management training is conducted for skills development.

## Central Laboratory of Science and Engineering Brawijaya University (LSSR)

### History Central Laboratory of Science and Engineering of Universitas Brawijaya

At the beginning of its establishment, the Central Laboratory of Science and Engineering Universitas Brawijaya was an institution assigned to guarantee the trustworthiness and traceability of all data and information produced by all laboratories in Universitas Brawijaya. In 2016, LSSR has officially entered into the UB Governance Organization and is a Technical Implementation Unit directly under the coordination of the Chancellor. In early 2016, LSSR occupied a room on the 2nd floor of the Rectorate Building with the ability to calibrate 5 basic quantities, namely: electricity, mass, volume, pressure, and temperature.

The rapid development, especially in the world of education, then encouraged LSSR to start the internal calibration process at Brawijaya University even though the ISO 17025 Accreditation process was still in the preparation stage for sending files. This activity is also to carry out the preparation stage and carry out self-calibration exercises before the actual calibration activities are ready to be carried out. The LSSR strategic plan is expected to have a strategic role to help Brawijaya University become an international entrepreneurial university (World Class Entrepreneurial University or WCEU), which was set on June 2, 2007, in the UB senate meeting.

In 2019 the Central Laboratory of Science and Engineering (LSSR) succeeded in obtaining accreditation recognition by the national accreditation body of the National Accreditation Committee (KAN) in 3 scopes of magnitude.

Since then, LSSR began to develop and add other scopes such as pH meters and volumetrics. Where volumetric accreditation will be submitted by the national accreditation body KAN this year. The following is an ISO 17025:2017 accreditation certificate from KAN to LSSR in 2019.
